About us

Signature Onfarm, as part of the Angus group is a fast growing, family owned company with a focus on high quality, high value and efficient beef production. Founded in 1960, the grazing operation Angus Pastoral Company has expanded to be running 45,000 head of cattle across four properties in Central and Northern Qld. Signature Beef, the company's branded beef arm markets beef domestically and in thirty countries spanned across the globe. Signature Onfarm now rounds out the group with a state of the art, greenfield Onfarm abattoir, Signature Onfarm. The company truly offers a complete supply chain experience and a world of opportunity.

Position description

Our team are enthusiastic, practical and hard-working people who strive for a singular goal, producing the best beef that we can. The company enjoys a flat structure, our team will not only have access to experienced managers and owners but the ability to work side by side with them. We are a company who values "on the tools" skills, innovation and thinking as much or more than we value sitting behind a desk. We value efficiency, pride, communication and teamwork.

As a small team, we aim to develop a competitive team of multi-skilled operators who focus as a team on getting the job done and done well.

As such a broad range of tasks may be undertaken and Signature Onfarm will offer the appropriate exposure and training to ensure that you are able to undertake the tasks at hand. We have a focus on building craftsmen and women who are proud to stand by every product we produce. We value problem solving, team building and input by all.

You will gain experience across the enterprise from our pastoral operation, to the feedlot and the new on farm processing facility gaining a broad range of skills and furthering your knowledge of the beef industry from paddock to plate.

If you are interested in applying, we encourage you to send your resume and a cover letter to:

Why this is a unique opportunity

This program will allow you to gain a deeper knowledge into the Beef industry starting at the core... the Beef.

Past and present participants have been guided through the production of achieving high quality beef that has seen them participate in meat judging competitions like ICMJ, identify all cuts of beef, gain skills in knife and machinery handling, distinguish different aspects of a carcass and have an eye of quality that can build knowledge of what needs to be done in the paddock to produce what is on the plate.

Participants have advanced from the program into roles that are now key aspects of the business. A truly unique opportunity you won't find anywhere else. Our team enjoys attending local community events like campdrafts, rodeos, races, local footy, and other social outings.

Our present crew consists of a great young group of individuals from all different backgrounds who share interest and love for agriculture.

We provide all food and accommodation in our newly constructed on-farm village. We are located 30 minutes north of Moranbah (our closest town) and we only have Telstra phone coverage.

All work equipment and PPE is provided when working in the abattoir.
